Introduction

Your employer has entered into an agreement with Simply Benefits to provide you with a plan of group insurance benefits.

This information booklet has been prepared in order to give you an informal summary of the benefits and provisions of your Plan. It does not constitute the group Policy and is not a contract of insurance, nor does it confer or grant any contractual or other rights. All rights under this Plan will be governed solely by the provisions of the master Policy and by applicable law.

In the event of any discrepancy between this booklet and the group Policy, the terms and provisions of the group Policy apply.

The booklet contains important information concerning your group insurance coverage. As at the print date, this is the most current version of your group insurance benefits and replaces any previous booklet.

Should you have any questions, please contact your plan administrator or the third-party administrator, Simply Benefits at:

Email:	support@simplybenefits.ca
Telephone:	1-877-815-7751

Important Notice

The group insurance contract consists of the Schedule of Benefits, the contractual provisions and any appendix attached to the contract.

A Schedule of Benefits is provided for each class of employees eligible for insurance. It briefly describes the insurance benefits that are included in the group insurance plan for each class. All information regarding the definitions, insurance terms and conditions, termination of insurance, applicable exclusions and reductions as well as claims are found in the contractual provisions.

Participants and their dependents, if any, are not entitled to any amount of insurance or benefits not expressly indicated in the Schedule of Benefits for the class of eligible employees to which the participant belongs.

Drug Coverage

Prescription Drug Expenses

A "**Prescription Drug**" means drugs, medicines, and diabetic supplies with a Drug Identification Number that require a Prescription By Law and are dispensed by a Pharmacist. Subject to the terms of this Plan, expenses related to Prescription Drugs, including, the cost of drugs, medicines and diabetic supplies that are dispensed by a Pharmacist and require a Prescription By Law, will constitute Eligible Expenses under this Health Benefit. Prescription Drug expenses may require approval under the Prescription Drugs Formulary Management Policy as outlined further in this Health provision.

The prescription charges are limited to the Lowest-Cost Alternative for eligible drugs and medicines when an inter-changeable Drug is available.

Charges are subject to any limitations and maximums specified in the Plan Summary.

Prescription Drugs Formulary Management Policy

The insurer reserves the right to manage its drug formularies and the coverage for Prescription Drugs provided under this Health provision through an evidence-based review process. This process evaluates drugs based on overall value, which includes (without limitation) consideration of:

a) clinical efficacy;
b) safety;
c) unmet need; and
d) affordability.

Without limiting the foregoing, formulary management includes the right to:

a) add a drug to the insurer's formularies;
b) exclude or remove a drug from the insurer's formularies regardless of any governmental approval or existing coverage under a Provincial Health Plan; and
c) place restrictions on a formulary drug as determined by the insurer. Restrictions may include, but are not limited to the insurer's:

    i) pre-approval of the drug before the claim can be reimbursed;
    ii) requirement to obtain the drug through a provider approved by the insurer;
    iii) limitation of the drug's day supply, depending on the drug's proven efficacy; and
    iv) requirement to obtain a lower-cost alternative of the same treatment such as a generic or biosimilar drug.

Concurrent Drug Utilization Review

Claims for drugs covered under this Benefit which are purchased in Canada and submitted electronically to the insurer are subject to concurrent drug utilization review at point-of-sale to determine if

a) an adverse interaction is possible between a prescribed drug and another drug you are already taking;
b) a prescribed drug may be harmful to a patient who is a Dependent Child or a senior;
c) a refill prescription is being filled too soon or too late;
d) a prescribed drug contains ingredients in the same therapeutic class as another drug currently being taken or that has recently been taken and the ingredients remain active in your system;
e) the prescribed therapy duration falls outside the drug manufacturer's recommended minimum and maximum limits;
f) the prescribed daily dosage of a drug falls outside the age band limits established by the drug manufacturer; and
g) a prescribed drug is intended solely for the use of a person of the opposite gender to that of the patient.

(such an assessment being the "**Concurrent Drug Utilization Review**")

Based on the outcome of the Concurrent Drug Utilization Review, the Pharmacist may refuse to dispense a drug as prescribed. Claims for drugs covered under this Benefit are not subject to Concurrent Drug Utilization Review if:

a) the drugs are dispensed at a pharmacy not properly equipped to provide the service; or
b) the drugs are extemporaneous preparations or compounds

The insurer makes no guarantees, representations, or warranties about the accuracy or completeness of the patient information provided for the Concurrent Drug Utilization Review or about the review results, nor is the insurer liable for any decision made by a Pharmacist as a result of, or in connection with, directly or indirectly, the review process.

Prescription Drugs Limitations

The insurer may, in its sole and unrestricted discretion, from time to time participate in and utilize available drug management strategies which, in its discretion, will ensure a cost-efficient method to protect access to Prescription Drugs you need, while ensuring benefits are safe, sustainable, effective, and affordable for Plan Sponsors ("**Drug Management Strategies**").

These Drug Management Strategies may include, without limitation, participating in third-party programs regarding drug pricing, drug utilization review, narcotic management, and migraine management. IMPORTANT GUIDELINES

Why You Should Have Group Emergency Out of Province Insurance

Accidental injury, unexpected illness, and severe weather are just some of the ways in which medical emergencies can arise while you are travelling abroad. Out-of-Province healthcare services are not typically covered under Cana da's public insurance program, and emergency situations are further complicated by differences in language and standards of care.

When you are outside your province of residence and require these services, your provincial health plan will usually make a payment towards your expenses, but that payment is usually limited to the amount that would have been paid for the same services in the province in which you reside. Unfortunately, there is often a tremendous difference between the cost of these services outside province and the amounts allowed by your health plan, which you would have to pay were it not for this valuable benefit.

This plan provides extensive coverage for many services rendered outside your province of residence. It is important to note that such expenses are covered if they were unexpected and of an emergency nature. The plan does not provide benefits for medical treatment if the purpose of your trip outside your province of residence is to obtain that medical treatment.

Insurance Terms and Conditions

ELIGIBILITY FOR COVERAGE

Employee

For you to become eligible as a Covered Person under the Plan, you must have coverage under a Provincial Health Plan. You are eligible for coverage:

a) on the effective date of the Plan if you satisfy Eligibility Requirements specified in the Schedule of Benefits or
b) after the effective date of the Plan on the date you meet the Eligibility Requirements specified in the Schedule of Benefits.

Dependent Spouse

For your Spouse to become a Covered Person under the Plan, they must have coverage under a Provincial Health Plan. A Dependent Spouse is defined as:

a) your legal spouse;
b) the person you have been continuously living with in a role like that of a marriage partner for less than 12 months, if the person is the parent of your child by birth or adoption; or
c) your common-law partner living with you in a conjugal relationship for at least 12 continuous months.

Only one Spouse is eligible for coverage or benefits under this Plan. The Spouse that is covered under the Plan will be as the person you indicate on the applications for coverage under the Plan. Where this information is not contained on your application, the person who qualifies last under the Plan's definition of Spouse will be the eligible Spouse. If your Spouse changes, you must update your information in connection with the Plan.

Dependent Child

For your Dependent Child to become a Covered Person under the Plan, they must have coverage under a Provincial Health Plan. Your Dependent Child may include your natural or adopted child, stepchild, or a child under your legal guardianship, who is:

a) unmarried;
b) not employed on a full-time basis;
c) not eligible for coverage as an Employee under this or any other group plan; and
d) less than 21 years of age, or, if a full-time student at an accredited school, college, or university less than 25 years of age; or

A newborn child will become covered as an eligible Dependent under this Plan 24 hours from birth.

A child covered under this Plan who is incapacitated due to a mental or physical disability on the date they reach the age when they would otherwise cease to be an eligible Dependent will continue to be an eligible Dependent under this Plan.

A child is considered incapacitated if they are incapable of engaging in any substantially gainful activity and are de-pendent on the Plan Member for support, maintenance, and care due to a mental or physical disability.

The insurer may require written proof of the Dependent's condition as often as may reasonably be necessary.

Application for Coverage

When you first apply for coverage:

You must complete all applicable sections of the online Enrollment Form, applying for coverage on all your eligible Dependents, and submit it to Simply Benefits. To be a Covered Person under the Plan, your application should be signed and submitted to Simply Benefits no later than 31 days after the completion of your Waiting Period.

Enrollment Forms signed or submitted after these 31 days will be considered Late Applications and will require you or your Dependents to submit Medical Evidence. Your acceptance into the Plan is based on the health information provided, is subject to the terms and conditions contained in the group contract between your Employer and the insurer, and is not guaranteed.

When you have a change in family status:

- If your family status changes from single to duo or to family, your coverage can be changed to add your new Dependent(s) to this Plan. If you complete the applicable sections in the Group Change Form and submit it to Simply Benefits within 31 days of the effective date of your change in family status, your Dependent(s) will be added without any Medical Evidence. If you notify Simply Benefits more than 31 days after the effective date of your change in family status, Simply Benefits will require your Dependent(s) to submit Medical Evidence.

- If you do not wish to change your level of coverage because you already have family coverage, but need to add a new Dependent, complete applicable section of the Group Change Form to register your new De-pendent. Without this notification, claims for your new Dependent will be unnecessarily delayed.

- If you wish to change your level of coverage from family or duo to single due to divorce or the death of a Dependent, complete the applicable sections of the Group Change Form and submit it to Simply Benefits. If it is received within 31 days of the effective date of the change, Simply Benefits will credit premiums back to the effective date of the change. If you notify Simply Benefits more than 31 days after the effective date of the change, Simply Benefits will make the change effective the day notification is received, and no premium credit will be given. If your family is covered by your Spouse's plan for Health or Dental Benefits and your family loses this coverage, your family maybe eligible for immediate enrollment under this Plan. To ensure immediate enrollment, you must notify Simply Benefits of the loss in coverage within 31 days. Otherwise, Simply Benefits will require your Dependents to submit Medical Evidence.

Beneficiaries you designated under a prior plan have not been transferred to this Plan.

Beneficiary designations in respect of Quebec Residents only:

a) Your designation, in a form of writing other than a will, of your married or civil union spouse as Beneficiary cannot be changed, unless otherwise stipulated. The designation of any other person as beneficiary can be changed unless otherwise stipulated in a separate form of writing other than a will;
b) Designations and revocations are valid only from the day the insurer is advised of such changes in writing. Where several irrevocable designations of Beneficiaries are made separately and at different times, they are given priority according to their dates of receipt by the insurer. The insurer is discharged by payment in good faith in accordance with these rules to the last known person entitled to it;
c) Separation from bed and board does not affect the rights of your spouse; and
d) Divorce or nullity of marriage or the dissolution or nullity of a civil union causes any designation of your spouse to lapse.

Coverage Effective Date

You must first complete a period of continuous active employment with your Employer before your coverage becomes effective. This period of time is known as your Waiting Period and it must be satisfied before you can be considered eligible for coverage. Refer to the Schedule of Benefits for information on your Waiting Period.

When you complete your online Enrollment Form:

a) during the Waiting Period, your coverage will become effective when the Waiting Period has been satisfied;
b) more than 31 days after you or your Dependents first become eligible for coverage, you will be required to submit Medical Evidence. The insurer will review this information and determine if you or your Dependents are eligible for coverage. If your enrollment is approved, your coverage is effective on the day the insurer gives its approval.

If you are away from work because of Illness or Injury on the day that your coverage should be effective, or the day when an increase in your coverage should take effect, your coverage effective date or increased coverage effective date will be delayed until you return to work for 1 full day.

Coverage Termination

Your coverage will end on the earliest of:

a) the date you no longer have Provincial Health Plan coverage;
b) the date you are no longer eligible for coverage under an eligible Class;
c) the date you enter active service with the armed forces of any country;
d) the date the Plan terminates, or the date coverage terminates for an eligible Class to which you belong;
e) the date you reach the Coverage Termination Age, as specified under each coverage in the Plan Summary; or
f) the date you die.

Prescription Drug expenses incurred in the 31 days prior to the termination date of the Plan will be limited to an amount equal to a 30-day supply of such a drug.

Termination of Dependent Coverage

Coverage for your Dependent(s) will end on the earliest of:

a) the date your coverage terminates;
b) the date your Dependent is no longer eligible for coverage under the provisions of the Plan; or
c) the date written notification is received from you to cease Dependent coverage because your Dependents which are a Covered Person are covered under another group plan for benefits similar to those under the Plan.

Survivor Extension

If you die while covered for Health or Dental Benefits, coverage will be continued for your surviving Covered De-pendents for 24 months without premium.

This coverage will terminate on the earliest of:

a) the date the Covered Dependent no longer qualifies for coverage;
b) the date the Covered Dependent obtains similar coverage elsewhere; or
c) the date the Plan terminates.

MAKING A CLAIM

Forms and Submission

You can submit a claim for Prescription Drugs, Paramedical Practitioners, Vision, and Dental using Simply Benefits Member portal.

If you have a Pay Direct Drug card plan, prescription drug claims can be submitted by your Pharmacist after presenting your Simply Benefits identification card and prescription from your Physician.

Proof of Claim

The insurer will require proof of your claim. Obtaining proof will be at your expense. The proof required will depend on the circumstances and context of your claim, including type of claim. Some examples of proof are:

a) receipts or bills;
b) medical or dental reports;
c) x-rays; and
d) prescriptions

If you have a Pay Direct Drug card plan, prescription drug claims can be submitted by your Pharmacist after presenting your Simply Benefits identification card and prescription from your Physician.

Date Expenses Incurred for Services

While the coverage for the benefit is in force, the expense for a service is incurred on the date the service is performed.

If a procedure involves multiple appointments, the expense is incurred on the date the procedure is completed. If the coverage for the benefit terminates and the procedure is not complete, only the expense relating to the procedures performed while the coverage was in force will be eligible.

Date Expenses Incurred for Services

While the coverage for the benefit is in force, the expense for a supply is incurred on the date the supply is received.

If the supply must be ordered, the expense will be considered incurred on the date payment was made for the supply.

If You Are Covered Under Two Benefit Plans

The insurance industry has set guidelines for coordinating your Health and Dental Benefits with another insurance program, such as your Spouse's plan. Coordination of benefits allows you to potentially claim under both plans for up to a combined maximum of 100% of the eligible expense. For instance, if your plan covers 80% of the cost of an eligible expense, the 20% not covered may be claimed under your Spouse's plan, depending on their plan. Check to ensure that your Spouse's plan provides Health and Dental coverage, that your family is covered under your Spouse's plan, and that the plan allows for coordination of benefits.

If Dependents are covered under two plans, claims for Dependent children are submitted first to the plan that covers the Spouse whose birthday falls earliest in the calendar year. Any part of the claim not covered under the first plan can-then be submitted to the other Spouse's plan. For example, if your birthday falls in January and your Spouse's birthday falls in March, you should submit your children's claims to your plan first. Proof of your plan's reimbursement along with copies of any expense receipts would then be sent to your Spouse's plan for reimbursement of the balance if the expense is covered under their plan.

Recovery of Claim Amounts from a Third Party

Where coverage exists for Plan Member Health, or Dental Benefits under the Plan and under a third-party plan, the insurer may pay you benefits eligible under the Plan while the entitlement for third-party benefits is being concluded by the third party, if you enter into a reimbursement agreement with the insurer thereby agreeing to:

a) take all steps necessary to receive from the third-party plan benefits for which you are entitled; and
b) repay the insurer the amount received from the third-party plan for these same benefits.

The insurer reserves the right to pursue recovery directly from third parties on your behalf.

Claim Exclusions

No benefit will be paid under the Plan for claims arising directly or indirectly from, as a result of, or in connection with:

a) charges for a missed, late, or cancelled appointment;
b) charges for the completion of forms;
c) expenses considered to be facility fees, service fees, block fees, or tray fees;
d) treatment or care for cosmetic purposes, except when directly attributable to an Illness or Injury;
e) experimental treatment or care;
f) expenses incurred for ordinary living expenses such as room, board, travel, or clothing;
g) services performed by a person ordinarily resident in the home of the Covered Person or related to the Covered Person by birth or marriage;
h) the committing of or an attempt to commit an offence under the Criminal Code(Canada), RSC 1985, C-46, as amended, or under the criminal laws of any other jurisdiction (where the events giving rise to the claim occurred in such other jurisdiction), whether or not the Covered Person is charged for or convicted of an offense;
i) use of any prohibited or controlled substance, including but not limited to any substances listed under the Controlled Drugs and Substances Act(Canada), SC 1996, c 19, as amended, restated, or replaced including all Schedules or any substance listed under comparable legislation in another jurisdiction if such use occurred in that jurisdiction, unless taken as prescribed by a licensed Physician;
j) an incident occurring during the use or operation by the Covered Person of a Vehicle, Off-road vehicle, vessel, or aircraft while the Covered Person was under the influence of any intoxicant, any prohibited or controlled substance, or cannabis;
k) war, insurrection, the hostile actions of any armed forces, or participation in a riot or civil commotion, whether the Covered Person is an active or passive participant; or
l) medical or surgical care which is not Medically Necessary, except when attributable to an Illness or Injury.

Refer to the benefit sections of this booklet for additional exclusions (together with the claim exclusions listed above, the "**Claim Exclusions**").

Claim Submission Deadlines

Claims received outside the time frames specified under this Claim Submission Deadlines section will be denied.

Claim forms and proof that benefits are payable must be submitted by you or on your behalf and received by the insurer as follows:

a) for a Health or Dental claim, within 365 days from the date that service or supplies were rendered.

If your coverage with the insurer terminates, you only have 90 days from the date of termination or the above 365-day rule, whichever day comes first, to submit your Health or Dental claim.

Legal Action

Subject to the terms and conditions of the group contract between your Employer and the insurer, every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the insurance legislation applicable to your province of residence.
